Sessional Instructors

Department of Earth and Atmospheric Sciences

Competition No. - **A107918137**

Closing Date - **Will remain open until filled.**

The Department of Earth and Atmospheric Sciences invites applications for sessional instructorships for the Fall 2012 Term. Currently, courses for which sessionals may be required to teach all or part of includes the following list. Other courses may be available as conditions change:

EAS 100 Planet Earth

EAS 351 Environmental Applications of Geographical Systems (50%)

EAS 451 Digital Remote Sensing

HGP 250 Natural Resources and Environmental Management

HGP 381 Topics in Human Geography

HGP 481 Advanced Issues in Human Geography

This list of courses is subject to change until positions are filled.

Additional information on the courses may be found in the 2012-13 University of Alberta Calendar, and on the Department's website at www.ualberta.ca/EAS.

Successful candidates will have a PhD in a relevant discipline and successful teaching experience, however, candidates with a Master's degree and relevant teaching experience may also be considered.

If you are interested in being considered for one or more of these positions, or for any other sessional opportunities that may arise, please provide a curriculum vitae and a covering letter outlining your teaching experience and indicating the course(s) and/or subject areas for which you would like to be considered. Please include the names of two references who are willing to give information on your teaching experience and abilities. Individuals who have recently provided this information or recently taught as a sessional instructor for the Department need only send an email indicating their interest in the upcoming positions.

Positions will be filled as suitable candidates are identified. Salary will be commensurate with experience in accordance with the Contract Academic Staff Agreement (CAST).

How to Apply

Apply Online

Note: Online applications are accepted until midnight Mountain Standard Time of the closing date.
